

COOL Time Ideas

COOL time stands for, 'continuing our own learning'. During COOL time, we use what we have learned during the week or things we have enjoyed, to inspire us to continue our own learning independently in a range of creative ways.

Here are some ideas to help inspire you when you have finished your lessons!

Use play dough to make a model of your favourite cuddly toy.

Follow the link to find out how to create a fuzzy bear painting:

<https://www.gluedtomycraftsblog.com/2018/06/fork-painted-bear.html>

Using different colours can you trace the patterns on the toys?

Find your favourite teddy and host a teddy bears picnic at lunch time either in the garden or indoors. You could write an invitation to your family members to invite them to come along!
