

LO: To consolidate and extend our knowledge of place value up to 50.

Steps to success

This week we are learning all about numbers up to 50!

LO: To consolidate and extend our knowledge of place value up to 50.

You will need...

A pencil and paper

LO: To consolidate and extend our knowledge of place value up to 50.

Steps to success

Let's warm up our brains!

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Let's practise our careful counting up to 50.

Can you count forwards and backwards?

Could you try starting at a different number instead of number 1?

LO: To consolidate and extend our knowledge of place value up to 50.

What is place value?

Numbers can be represented in different ways and they all have a value. Some numbers have more than one digit and each digit in the number has its own value.

Steps to success

LO: To consolidate and extend our knowledge of place value up to 50.

Today we are going to think about the value of a number and what is one more or one less than a given number.

We're going on a number bear hunt!

What number teddies are missing?

We are going to find one more and one less than the number we can see on the teddy bear.

Can you say one more or one less? Can you write it as a sequence?

7 8 9

LO: To consolidate and extend our knowledge of place value up to 50.

We're going on a number bear hunt!

What is one more and one less than 14?
can you write it as a sequence?

LO: To consolidate and extend our knowledge of place value up to 50.

We're going on a number bear hunt!

What is one more and one less than 20?
can you write it as a sequence?

LO: To consolidate and extend our knowledge of place value up to 50.

We're going on a number bear hunt!

What is one more and one less than 27?

can you write it as a sequence?

LO: To consolidate and extend our knowledge of place value up to 50.

We're going on a number bear hunt!

What is one more and one less than 33?

can you write it as a sequence?

LO: To consolidate and extend our knowledge of place value up to 50.

We're going on a number bear hunt!

What is one more and one less than 49?

can you write it as a sequence?

Steps to success

LO: To consolidate and extend our knowledge of place value up to 50.

You might like to practise finding one more and one less some more. Follow the links below to find 'one more' and 'one less' games:
