

This term we will begin spellings in Year 1.

We expect the children to know how to read and spell these words, in isolation and apply this within sentences.

Please see below this week's words to learn:

do	so	you
are	were	said

Here are some ideas for ways to practise your spelling words this week:

- Make the words using Lego to create each letter
 - Chalk on the pavement
 - Magnetic letters and a cooking tray
- Write the words in the air and ask someone to read your spelling words
- Write your letters with different tools such as a crayon, highlighter or felt tip.
- Spray some shaving foam on to a tray or the table and trace the spelling words with your finger in the foam.
 - Use scrabble tiles to spell your words
